Innovation Workshop: PART 1

In Innovation Workshop—Part 1, we will introduce you to the world of Schluter®-Systems and give you a solid overview of the applications where our products are most often used.

This two-day workshop includes classroom instruction, live demonstration, and practical hands-on activities.

Learn how to:

- Prevent tiles from cracking with DITRA
- Provide effective moisture management using KERDI
- Protect tile edges with Schluter® profiles
- And more!

King of Prussia, PA
August 28 - 29, 2024
